Long-Term Internship Application

Long Term Internship Program Overview

This program is tailored to individuals interested in gaining significant training and experience in non-human primate husbandry, behavior, and the daily operation of a non-profit primate sanctuary. Interns will have the opportunity to work closely with and train under our knowledgeable caregiving staff to gain valuable skills that will build their resume and prepare them for a promising career in primate care. This program is labor intensive and is suited for hard working, dedicated, positive, self-motivated individuals who don't mind a little dirt under their nails.

Program Goal

To provide intensive training, experience, and exposure to primate husbandry in a non-profit sanctuary setting.

Program Description

The PRC Long-Term Internship Program is designed to immerse recent graduates and those seriously interested in pursuing a career in animal care in the daily operation of a non-profit primate sanctuary. Our program provides a unique opportunity to participate in the routine care and ongoing rehabilitation of nearly 40 non-human primates in an environment that is focused entirely on their enrichment and well-being. PRC residents are never exploited for any reason, including exhibition, and are afforded lifetime care in a protected and secure environment. PRC interns play a vital role in helping us keep our promise of lifetime care to the residents.

Interns assist with the daily care of our residents, along with administrative tasks, fundraising, and other special tasks. Duties include, but are not limited to, food preparation and sorting, cleaning of ape, monkey, non-primate resident, and human areas, and creating enrichment items for primates. Interns can expect to gain significant animal husbandry experience and learn about primate behavior, stress responses, and the rehabilitation process. They will also gain a greater understanding of the issues facing primates and other animals in the modern world. The working environment is intimate and dynamic, and we encourage interns to be motivated, innovative and ask questions. Interns will have numerous opportunities to observe the animals and get to know them as individuals. However, interns will never have physical interaction with any of our non-human primate residents. Attempts to do so are grounds for immediate dismissal.

Program Qualifications

This program is only open to one qualified individual at a time, so it is extremely competitive. Coursework in primatology, biology, animal behavior, or psychology is preferred but not required. Applicants must be recently graduated students or individuals currently pursuing careers or internships in primate care. A general understanding, interest, and concern for primate well-being is required. This program is labor intensive, so interns must be in good physical condition and be able to lift 50 pounds. Proof of negative TB test is required. Applicants must commit to work a minimum of 6 consecutive months, live on-site in sanctuary housing, and have a personal vehicle available for transportation. Applicants must be at least 18 years old, and may be from across the U.S. and abroad.

Housing – This internship opportunity provides free housing, utilities, local phone service, television, and internet services. Pets are not allowed. On-site laundry machines are available, but interns are responsible for providing their own laundry supplies. Interns are responsible for their own food, toiletries, and long-distance call expenses. Cellular service is fairly reliable at the sanctuary depending on your cellular provider.

Transportation – The sanctuary is located in a rural area requiring transportation to all stores and retail areas. We are approximately 15 miles from the city of Lexington and about 5 miles from the nearest convenience store. A personal vehicle is required for transportation.

Stipend – The PRC will provide a weekly stipend of \$50. This stipend will be paid weekly through a Venmo account. You must set up an account and provide us with the email address associated with the account in order to receive your stipend.
